

Standing Whitetail Deer

The standing whitetail is the most popular product we have. It weighs about 22 pounds when complete and is very durable. The antlers are removable so the decoy can be used as a doe or a buck. Shipping for a deer runs from \$160 - \$200 depending upon your location. All mule deer and blacktail deer hides must be supplied by the customer.

Pricing:

- With robotic head and tail \$1400.00
- With robotic head, tail and leg \$1700.00
- Ex Lg deer with robotic head and tail \$1700.00
- Browsing deer with robotic head and tail \$1700.00
- Packaging and crating \$ 40.00

Laying Whitetail Deer

The laying deer is becoming more and more popular, and is a great tool to use in an area where the standing deer has been used extensively, and is no longer effective. Shipping for a laying deer runs from \$160 - \$200 depending upon your location.

Pricing:

- With robotic head and tail \$1450.00
- Packaging and crating \$ 40.00

Standing Elk

The elk decoy is the most realistic and impressive mount we create. The weight of an elk is approx. 150 lbs., but it can be made easier to handle by using the removable legs. The average shipping cost of an elk is \$575 - \$675. Light weight artificial antlers are available for \$200 a set. Elk hides available at certain times of the year - \$150 - \$300.

Pricing:

- With robotic head \$3000.00
- With robotic head and removable legs \$3250.00
- Packaging and crating \$ 125.00

Standing & Strutting Turkey

The turkey decoy has proven it self to be very effective. With the addition of our eight foot aluminum track system (\$950), and a little bit of cover, you'll never know it is decoy. Shipping averages \$80.

Turkey skins are available through CRW, Inc. for \$85.

Pricing:

- Standing with robotic head \$1200.00
- Standing with robotic head and swivel base \$1450.00
- Strutting with robotic tail fan only \$1100.00
- Strutting with robotic tail fan and swivel base \$1450.00
- Packaging and Crating \$ 40.00

Black Bear / Grizzly Bear

Bear decoys can be purchased in a number of different positions to suit your specific needs. The addition of the robotics greatly enhances the mount. The customer is required to supply the hide for the mount, however at certain times one may be available to buy through CRW, Inc.

Pricing:

- Life size mount only \$2850.00
- Life size mount with robotic head \$3200.00
- Packaging & Crating \$ 50.00

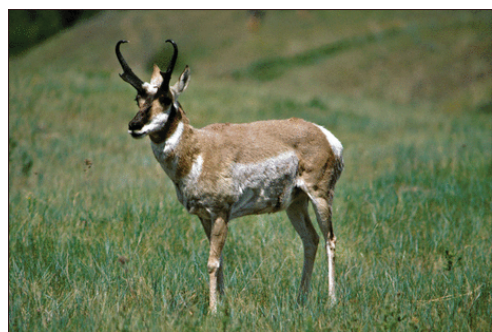

Coyote / Fox / Lynx

These animals really come to life with the addition of the robotics. They can mounted in many different positions, standing, sitting, laying, etc. All of these animals are small enough to be shipped by Fed-Ex, so shipping charges are minimal. A hide may be required depending on the animal and time of year.

Pricing:

- Life size mount only \$700.00
- Life size mount with robotic head and tail \$950.00
- Packaging and Crating \$ 40.00

Antelope

The antelope decoy works well, getting a hide is the only difficult part. Antelope have very fragile hides that slip very easily. We recommend having them tanned before they are sent to us. Shipping the finished product runs between \$150 and \$200, depending upon your location.

Pricing:

- Life size mount only \$1100 .00
- Life size mount with robotic head \$1400.00
- Packaging and Crating \$ 50.00

Moose

The moose decoy makes for a truly magnificent mount. The weight of the decoy is approx. 200lbs, but can be broken down by using removable legs, head and antlers, making it much easier to handle.

We use the largest servo on the market to turn the massive head and antlers, but artificial antlers are still recommended. Due to its size and weight, shipping for the moose runs near the \$600 - \$800 range.

Pricing:

- Life size mount with robotic head \$3800.00
- Life size mount with robotic head & removable legs \$4000.00
- Packaging and Crating \$ 150.00

Wolf

Wolf decoys can be purchased in a number of different positions to suit your specific needs. The addition of the robotics greatly enhances the mount. The customer is required to supply the hide for the mount, however at certain times one may be available to buy through CRW, Inc.

Pricing:

- Life size mount only \$1800.00
- Life size mount with robotic head \$2150.00
- Packaging and Crating \$ 50.00

Boar / Pig

Due to the stout body shape of a pig, the track system is one of the only ways to make this mount move. In decent cover, it looks very real as it slides through the brush. Customers will need to supply the hide for this mount.

Pricing:

- Life size mount only \$1400.00
- Life size mount with eight foot track \$2150.00
- Packaging and Crating \$ 50.00

Pheasant

The Pheasant mount is very effective and with the addition of a swivel base poachers find it irresistible. The obvious draw back to the pheasant decoy is longevity, any feathered mount takes a beating when directly hit.

Pricing:

- Standing mount only \$ 250.00
- Standing mount with robotic head \$ 375.00
- Add remote control swivel base to mount \$ 285.00

Eight Foot Aluminum Track System

The track system is ideal for turkeys, pigs, bears, coyotes and even deer. The track comes complete with radio controller that allows you to run the track back and forth and two additional inputs that will give movement to your decoy. Existing decoys can easily be modified to work with the track system.

Pricing:

- Eight foot track with batteries and charger \$1050.00
- Packaging and Crating \$ 50.00
